This Directory is Not Complete

For the reason that between the dates of compilation and publication many of those whose names are contained therein have passed to the Great Beyond.

¶ **Some of these have met death by Accidental means.**

To meet just such emergencies

The Imperial Guarantee & Accident Insurance Co. (of Canada)

is issuing the best **Accident and Health Policies** in Canada. The capital of this Company is $1,000,000, fully subscribed. The Assets are greater than those of any other Canadian Company, and more of the Capital Stock is held in Western Canada than that of any other Accident Insurance Company.

¶ **GUARANTEE BONDS are issued to cover all positions of trust.**

¶ Enquire for particulars of the **E. G. Combination Policy,** which provides perfect protection.

"IF IT'S REAL ESTATE

ITS OUR BUSINESS"

By our Co-Operative system no good offer in this Great West escapes us : we own or control the best propositions. Our clients get the benefit of our unequalled system.

Land from quarter sections to fifty thousand acres at rock bottom prices.

Fruit lands in Kootenay Valley, B.C., that will net handsome profits to the buyer.

City property that makes the ordinary offerings turn green with envy.

Gilt-edged investments on hand or secured. We have the facilities for obtaining the best.

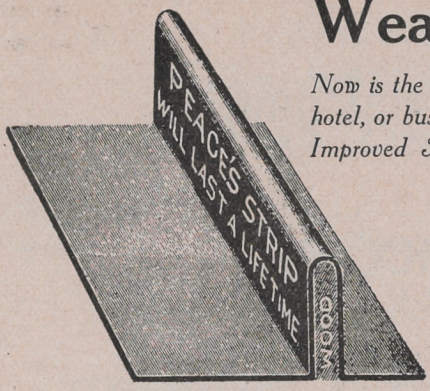
Peace's Improved Metal Weather Strip



Patented 1902

Now is the time to have your house, office, hotel, or business block fitted with the Peace Improved Metal Weather Strip. It does away with storm sash, keeps windows from rattling, prevents draughts from entering in winter, saving 20 per cent of your coal bill, also keeps out dust, smoke and soot in summer. No renovating, and will last a lifetime. All information will be freely and cheerfully given by applying to

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are :

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories,** and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

$100 Reward will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fake directory.

PREFACE

In presenting this, the 29th volume of Henderson's Winnipeg City Directory, 1907, we would thank the general public for their appreciative reception of the previous issue, and trust that this edition will, in as great a measure, meet with their approval; although, owing to the remarkable building record for the year 1906 ($12,760,450) and the consequent removals to new premises during the compilation and printing of the Directory, we have experienced the greatest difficulty in tracing individuals and firms to their new addresses.

The business community, as well, is to be heartily commended for its kindly recognition of the advertising merits of the publication, in return for which we have added greatly to the typographical appearance and exercised all possible care to produce a work as complete and reliable as human ingenuity can accomplish under the conditions existing in a city increasing so rapidly in population.

The increases over the previous year are indicated in the subjoined table:

	Pages of Names	Individual Names	Firm Names
1907	829	47,636	2,758
1906	727	41,682	2,382
Increase	**102**	**5,954**	**376**

This shows an increase of 5,954 individual names, and 376 firms and corporations in one year.

In estimating the population of cities it is customary for directory publishers to adopt a multiple by which to multiply the individual names. In the case of Winnipeg, we use a very low multiple as compared with the majority of publishers, viz., 2.875. Multiplying the individual names in this Directory, 47,636 by 2.875, we estimate the population of the City of Winnipeg at 136,953, including the immediate suburbs of Norwood, St. Boniface and St. James, an increase in population of 17,116 over the previous year.

Faithfully,

WINNIPEG WATERWORKS.

The pumping machinery consists of four pumps, each capable of pumping five million gallons in twenty-four hours. Two pumps pump from wells to softening plant, the other two from softening plant reservoir to the city main. The engines are of the most hodern type.

The boilers for supplying steam to the pumping and electric lighting engines are seven in number, with superheaters and mechanical stokers.

In connection with the system there is a 6,000,000 gallon reservoir.

The total length of water mains December, 1906, was 106 miles

For better fire protection, a High Pressure Special Fire Service Waterworks is under construction, having a capacity of 12,000,000 gallons per day against 500 lbs. pressure. This service will be operated by 2500 h. p. gas engines. There will be about three miles of special high pressure water main in the businss district and 75 special hydrants.

WINNIPEG GRAIN AND PRODUCE EXCHANGE.

The Winnipeg Grain and Produce Exchange is by far the largest and most important one in the Dominion of Canda to-day, and steps are being taken by its members towards the immediate construction of a more commodious exchange building in which to more satisfactorily handle the ever-increasing volume of business created by the enormous crops of Manitoba and the Northwest Territories.

Although the Exchange's future trading market was but inaugurated in February, 1904, its quotations are regularly supplied by the telegraph companies to the leading grain and produce associations of Canada, Gt. Britain and the United States, upon whose operations they exert a strong influence.

THE UNIVERSITY OF MANITOBA

Broadway, West of Kennedy Street.

The University of Manitoba, established by the Act of the Local Legislature in 1877, has the sole power of conferring Degrees in **Arts, Law,** and **Medicine** in the Province of Manitoba.

Degrees of **Divinity** may be granted by the various Colleges affiliated with the University, provided that all candidates for the Degree of Bachelor of Divinity, not graduates of this or any other University, shall have passed a satisfactory examination on the subjects of the Frst and Second Year in Arts as prescribed by the University, Greek being compulsory; and such Graduates in Divinity have in the University the same rights and privileges as other Graduates.

The Government of the University is vested in the Chancellor appointed by the Lieutenant-Governor-in-Council, and a council of fifty-five members, composed of representatives from each of the affiliated Colleges, the members of Convocation, the College of Physicians and Surgeons of Manitoba, the College of Pharmacy, the Faculty of Science andthe Provincial Government.

The general superintendence of all examinations is entrusted to a Board called the Board of Studies, composed of members of the Council elected annually, as follows: two by each of the Affiliated Colleges in Arts, two by the Graduate Representatives, one by the College of Physicians and Surgeons of Manitoba, one by the Manitoba Medical College, and one by the Council.

It is the duty of the Board also, to report to the Council, when they see fit, on the studies of the University, and other matters connected therewith, and generally to discharge all duties that may be assigned them by the Council.

Beware

of

Directory Borrowers

Do not lend your Directory. Your neighbor is as well able to buy a Directory as you are. If you lend your Directory it is never on hand when wanted. :: ::

Don't Lend Your DIRECTORY!

The patrons of our Directory are frequently inconvenienced by

BORROWERS;

not the stranger or private citizen, who steps in, looks at the Directory, gets his information, and goes out; but by business men, who continually need it for reference, yet are TOO MEAN to buy one. These are the men who carry off your Directory "just for a few minutes," which generally means a few days or weeks unless you send for it before.

These same borrowers tell our Canvassers that they have no use for a Directory.

$100 Reward

The Association of American Directory Publishers will pay $100 Reward for the arrest and conviction of any person or persons attempting to collect money on fraudulent directory advertisements.

Caution!

Deal only with well-known publishers when giving orders for Directory advertising.

Read all Orders carefully before signing, and do not sign duplicate "vouchers," as they are invariably used fraudulently.

Pay No Money in Advance. All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

See that Your Order reads Henderson Directories.

The Annuity Company of Canada

Capital - - $1,000,000

Furnishes a certain and most attractive means of
PROVIDING AGAINST WANT IN OLD AGE

A MAN or woman in return for the payment of small regular premiums during early life will be guaranteed a certain sum, large in proportion to amount contributed, paid quarterly or otherwise as arranged, starting at age specified and continued during life time, no matter how long it may extend. No other investment can offer quite the security and return combined that a bond with this Company will yield, as the Company is chartered under special Act of the Parliament of Canada, and operating under the rigorous requirements and inspection of the Insurance Department must keep a full Government deposit and reserve ample to meet all future liabilities.

¶ One of the special features of the Company's work will be the carrying of the co-operative industrial plan which will be mutually advantageous to both employer and employee. Details of this plan have been looked into and most carefully considered by many prominent men closely in touch with the labor interests of the Dominion, also by leading employers, and it has been received with unanimous favor and in many cases with enthusiasm. The remark has been made that this is the most important and beneficial proposition in the interests of labor that has ever been placed before the wage-earners of the Dominion.

¶ The principal feature recommending the Annuity of Canada to the public is that through its original and special plans for handling the business great economy in operation is secured and a larger return will be made for a given premium than would ever be possible upon ordinary plans.

Inquiry is invited from those interested

Maps

Are silent monitors of the progress, power and influence of empire, state and municipality.

The Stovel Series of Modern Vest-Pocket Maps of the Canadian Provinces are designed and compiled from the newest government surveys and statistics and other official sources.

They are clear, legible and comprehensive in every detail, being engraved by the improved process of cerotype engraving. We are the only engravers in Canada operating this modern process, and they represent a new departure in the industrial advancement of Canada.

All newsdealers and stationers sell them. Price 15c. each.

BULMAN BROS.

WORK AND WORKS

OUR WORK. Under this heading much might be said. A long list of Show Cards, Labels, etc., in color work, and a longer list of Debentures, Stock Certificates, Cheques, Maps, etc., in commercial work. Our work is known to the entire West, and in any important business house or manufacturer's plant of importance, samples can be seen, for big business men know that the best pays, and it has the habit of carrying the imprint—"Bulman Bros., Winnipeg."

The claim, "we produce the best work," sounds conceited, and that is not admired, but we believe it, believe that our men and our plant produce it, and the product at least is admired always. The satisfaction of having the best can be yours—we are at your service.

OUR WORKS. A few illustrations on the following pages tell only part of the story—many departments not being pictured, such as

> Copper-plate Printing and Embossing, of which we are proud, Type Department with its Machinery, picked for Quality of Output. Stock Department.

All we would be pleased to shew you, or, if you are too busy, telephone 6146, and some of us will convince you that any printing, by any process you may require, can be best done, and in some cases only done, West of the Great Lakes in Canada, by
